The Museum of Newport Irish History, incorporated in 1996 as a non-profit 501c3 organization in the State of Rhode Island, is a strong membership organization. The museum has endeavored to celebrate, document, and preserve the history of Irish immigration in Newport County, and also to recognize the social, cultural and historical contributions that the Irish have made to the fabric of life in the Newport County community. The museum provides its membership a multitude of services, both educational and social and is a resource for tracing family heritages.

The **Mission** of **The Museum of Newport Irish History** is to tell the story of Irish immigration in Newport County from the 1600's to the present, to preserve artifacts and mementoes of that movement, and to facilitate research into Irish heritage.
